

FIRST MAGNITUDE BREWING CO. PRESENTS

TASTING NOTES

- › Hazy pour and smooth finish
- › Tropical fruit aromas
- › Slightly sweet with minimal bitterness

Titan's Haze is our first release of a New England-style IPA in cans. This hazy, fruity, out-of-this-world hopped brew is sure to please any fan of the haze craze. Named after the glow seen around Saturn's largest moon, we felt the same glow upon trying this recipe for the first time.
